

SEPTEMBER 25TH TO OCTOBER 6TH

Outdoor Leadership Phase

- Learn Backcountry navigation skills
- Explore careers in Conservation
- Work together in different outdoor and volunteering activities

*Applications due by
September 8th!*

Ever want to spend the evening on top of a mountain, or navigate the wilderness using a topographical map? Join Voyage to Excellence as we explore the Chugach National Forest. Students will learn self-reliance skills, teamwork and resiliency, backcountry navigation and compass skills, and local natural history, all while exploring one of Alaska's most beautiful landscapes with a group of their peers!

Students will spend 1 day in town prepping for the expedition, 6 days on the backcountry backpacking trip, and 2 days working in a service project to improve their public lands. Students should expect to be challenged physically. They will all carry a backpack with their own and group equipment, prepare and cook their own meals, sleep in tents with teammates, and be ready to participate in group activities. Students in grades 9-12 are eligible to apply. Successful completion of this phase is worth 0.5 PE/Health Credit.
